# Report of the Committee of Management.

---

Although several months have passed since the tragically sudden death of Lord Buckland, this is the first opportunity the Committee of Management have had of publicly referring to the splendid service he gave on behalf of the New Hospital in the building stage, both in the way of monetary support and personal work. It is not too much to say that to his extraordinary gift of inspiring others with his own zeal and liberal spirit—used as it loyally was to back up the efforts of the late Lord Glanusk—that the opening of our War Memorial Hospital free of debt was largely due.

A very old friend of Hospital work in Brecon has also been lost by the death of Mr. John Meredith, who was for many years a subscriber and Committee man of the old Hospital.

The Committee, in reporting on the first year's work of the New Hospital, are glad to be able to state that it has been very successful, and that the value of the additional and modern accommodation has been fully proved.

The financial position may be described as satisfactory in one sense, seeing that there is a balance of cash in hand of £350 7s. 3d., and that the subscriptions increased from £380 19s. 6d. in 1927 to £550 10s. 0d. in 1928; but a regrettable feature is that the number of subscribers are reduced from 183 in 1927 to 171 in 1928.

Thankfully the Committee acknowledge that many Subscribers have considerably increased their contributions, but they would much like to see an extension in the County of personal interest in the Hospital.

Churches and Chapels show an increase over 1927 of £22 13s. 1d.

Pound Day was again a decided success, realizing £58 17s. 10d. in cash, together with a large quantity of goods in kind.

The Linen League continues to afford material assistance, and the Committee desire to express their appreciation of the excellent work done by the Committee of ladies, with Mrs. T. P. Thomas as their Hon. Sec.

Notwithstanding the inevitable difficulties of a first year, the administration of the Hospital has been very satisfactory in every respect, thanks to the skill and care of the Hon. Medical and Dental Staff and the devoted work of the Matron and those working with her.

In conclusion, the Committee would like to assure all interested in the Hospital that they are more than ever convinced of its need and of the great part it is destined to play in promoting the health and happiness of the people of Breconshire; if only the public generally will realize the fact that this is a voluntary hospital, and that without it they would soon be called upon to pay a large sum to run a "State-aided" Hospital; and feel that they are once again fully justified in making a strong appeal for a large addition to the Subscription List.

On behalf of the Committee of Management,

DAVID POWELL,

Chairman.
